

24April2013

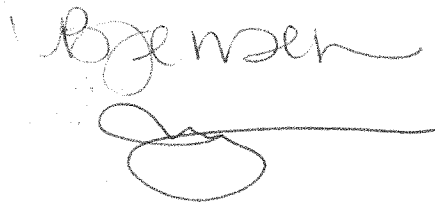

Dr. Thielbar,

We wish to renew the School Year Janitorial contract for the 2013-2014 school year. We have renewed this contract without an increase for the past four years due to the financial situation of the district. We are requesting that the 2013-2014 contract be renewed with an increase to 36,420.00. Due to rise in cost of supplies, inflation, freight, etc. Please let us know if you have any questions regarding this request.

We would also propose that we come in one day a week during the summer to perform routine general cleaning of Main restrooms, Teacher's lounge restroom, locker rooms and office trashes. This is currently not in either cleaning contract and has been neglected over the past couple of summers. We propose coming in once a week during the 12 weeks of summer at the cost of 900.00.

We appreciate the partnership which we have formed with the school and look forward to the opportunity to continue to serve the district in the future.

Sincerely,
